“ As her daughter in law, I can say she was the BEST mother-in-law a woman could have! She had such a dry/great sense of humor....she taught me so much, by just watching her... from folding clothes to cooking (which I will never be as good at it as she was). I thank her for the Son she raised, to be the incredible father and husband he has been. We will miss her dearly.

“ Our dear Babe will be missed very much and always remembered. Her children will carry her and Al legacy on with there children. You are in our prayers and we love you very much . Babe helped Fred learn to cook pasta with meat and peas over the phone and was there for me when I needed her.

“ We will miss our visits to Fontana, stopping at Babes to see how she was doing. She would always greet us with her beautiful smile and warmth welcoming us to her home.  
Our sister, Babe, was one of much compassion and love for others as well as her own family. I've always felt a closeness to her remembering back to my childhood when I was 6 years old, my family attended Babe and Al's wedding in June, 1950.  
  
In 1999, we all went on a cruise with the Sons of Italy to Alaska. I remember shopping for her 50th wedding anniversary ring. A ring that has 50 diamonds to celebrate her and Al's 50 years of marriage.  
  
We will miss her deeply and hope she knew how much she was loved by everyone who knew her. Rest in Peace dear Babe. No more pain in Heaven. If you happen to see my parents, your Godparents, give them our love and we're all right behind you.

“ Mamie was a dynamic women. She touched everyone’s life that she knew. I was very lucky to have known her most of my life. When we moved to California in 1946, Mamie was one of the first families to greet us. Being cousins, we meet soon as we got here. Our Families were very close. We were always together. No TV in those days. Family got together every week. Mamie was a very active house keeper, having 10 brother and a sister, she was very busy helping her mother with raising her younger sibilings. Babe as she was called by all her sibilings and soon everyone called her babe. I remember her from visiting them early in life. She was always busy with house chores. Being a very beautiful young women she meet the love of her life. Albert Musolino. They were married and started their own family. 2 beautiful girls and 5 Sons. Being a expert on raising her sibilings, it was no problem raising her own. Al and Babe were always together working together to raise this beautiful family. They both belonged to the old Italian American club in Fontana. They helped many days of their lives volunteering for the organization. When that club dissolved they both later joined the Sons of Italy. Both being very proud of their heritage they got involved with the new Sons of Italy club. Many good times with family and friends. They meet many new friends and enjoyed all activities of the organization. Babe was highly involved with the famous Thursday spaghetti night dinners every week. Sadly when Al Passed it left a big void in Mamies life. She remains active and enjoyed all the different functions the club had. She especially enjoyed the card days that all the women and men played during the day. As time went on Babe became ill. She never let that stop her from some of the activities. Especially playing cards. She was always the rule enforcer, because she knew the rules. We will all miss her tremendously. Her spirit will live on with those who knew her. She now in heaven with the love of her life and an angel to all us who loved her. To all the family, you all were very lucky to have a sister, mother grandmother, great grandmother in your life as you did with Mamie. May she Rest In Peace. God Bless.

“ This is so hard for me to lose my one and only sister. My heart  is broken. We were so close calling each other almost daily. I’m gonna miss those calls.
